- 'Starstruck Café' – Residing next door to the new 'Marvel Mania' is this 'Starbuck's' knockoff with a broad range of exotic coffee blends and the added feature of an old fashioned ice cream parlor.
- 'Café Puccino' – Located at the world renown 'Universal City Walk' and strategically situated next-door to 'Cineplex Odeon' is this upscale European café with both indoor and outdoor seating. 'Café Puccino' captures much of the traffic pulsing into and out of the Cineplex theaters.

- 'KWGB' – A radio broadcast room-turn-restaurant in a surreal sense. Funky, fun and upbeat theming, including a large scale, three-dimensional 'Godzilla', sporting sunglasses and jams, straddling a miniature model of the city of Hollywood, greets customers as they enter the restaurant. Once inside, a functional D.J.'s booth is the focus of entertainment, where live broadcasts at 'City Walk' can be heard all day long.
- 'Themed Food & Beverage Carts' – Nut Carts, Ice Cream / Snow Cone Carts, Pretzel Carts, Churro Carts, Beer Carts, Merchandise Carts, etc., all themed on favorite motion picture and animation features, throughout 'Studio Tours' and 'City Walk'.

Food & Beverage at The Walt Disney Company

- 'Big Thunder Ranch BBQ' – Located at Anaheim 'Disneyland', within 'Big Thunder Ranch' and adjacent to the 'Big Thunder Runaway Railroad', sits a themed, early 1700's vintage western ranch. With outdoor seating only, this ranch serves as a BBQ style restaurant catering to several thousand patrons each day and ranking as one of Disneyland's highest percapita incomes for food and beverage.
- 'Big Thunder Beverage Wagon' – Resting at the threshold to 'Big Thunder Ranch' is a themed, early 1700's vintage 'Canastoga' wagon, utilized for beverage sales and supported by a themed western shack 50 yards away.
